Shivam Sengar

M.Tech CSE (Artificial Intelligence)
Defence Institute of Advanced Technology, Pune
An autonomous organization, (DU, DRDO)

Profile | **linkedin** | **github** | **hackerrank**
Mob. +91 7599245115
shivamswngar4321@gmail.com
Aligarh, Uttar Pradesh

Qualifications	College/University/School	Year	CGPA/%
M.Tech CSE(Artificial Intelligence)	Defence Institute of Advanced Technology, Pune, Maharashtra	2023-25	8.18 CGPA
B.Tech CSE	KMCLU, Lucknow, Uttar Pradesh	2019-23	9.24 CGPA
12th	Kendriya Vidyalaya, Aligarh, Uttar Pradesh	2018	72.2%
10th	Kendriya Vidyalaya, Lalgarh Jattan, Shriganganagar, Rajasthan	2016	10 CGPA

WORK EXPERIENCE

- **AI/ML Engineer Trainee | Upscalers Technology, Nasik, Maharashtra** [12 Jan'2025 – Present]
  - It is a must checkout project. Build a website which can do object detection with Django backend. The website gives you 10 minutes login time. Link: https://object-detection-using-yolo-with-django.onrender.com/
  - Worked on RAG Pipeline with the use of LangChain. Link: https://github.com/shivamsengar135/Local-RAG-Pipeline
- **Assistant Professor Grade 1 | Presidency University, Bangalore, Karnataka** [29 July'2025 – 10 Jan'2026]
  Worked in the School of Computer Science and Engineering. Teaching subjects like Python, Machine Learning, Data Science, etc.
- **AI INTERN | Defence Institute of Psychological Research, DRDO, New Delhi** [July'2024 - Dec'2025]
  Worked on LSRB (Life Science Research Board) sponsored project which contains banner detection, fire detection, face detection, head count, etc. Meet with top DRDO scientists.

PROJECTS

- **Django Project (Full-Stack Web Application)** [Deployed Project | Django | Render]
  - Developed a full-stack web application using Django, deployed on Render in a production environment.
  - Implemented core backend functionalities including routing, request handling, and web integration.
  - Source code is publicly available on GitHub for reference and collaboration. Link: https://github.com/shivamsengar135/Object-Detection-using-YOLO-with-Django
  - Live Project: https://object-detection-using-yolo-with-django.onrender.com/
- **Sound Identification and Classification in Real Time(AI Project) | M.Tech Final Year Project**
  - It takes real time feed from CCTV camera and finds whether and how many times the defined class of sound occurred in the given raw sound. The input can be both video or audio. DOI: https://doi.org/10.56975/ijrti.v10i6.204539
  - The dataset used in this project is UrbanSound8K contains 8732 labeled sound excerpts (<=4s) of urban sounds from 10 classes: air_conditioner, car_horn, children_playing, dog_bark, drilling, enginge_idling, gun_shot, jackhammer, siren, and street_music. Enhancing the project more under the supervision of Dr. Sunita Dhavale. Dataset link: https://urbansounddataset.weebly.com/download-urbansound8k.html

PUBLICATION

- **Classification of Urban Sound using Custom 1D and 2D CNN Architectures** [Published on: 7 June, 2025]
  - Journal: International Journal for Research Trends and Innovation (IJRTI)
  - DOI: https://doi.org/10.56975/ijrti.v10i6.204539
- **AI Incident Response Playbook Generator** [Accepted and Presented]
  - IEEE International Conference on Interdisciplinary Approaches in Technology and Management for Social Innovation (IATMSI-2026), Conference Date: 12-14 March, 2026

SKILLS

- **AI Skills:** Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Tensorflow, Keras, Pandas, NumPy, Matplotlib, RAG, Langchain
- **Programming Languages:** Python(Tkinter, PIL, Work with CSV files), R, C++
- **Web Development:** HTML, CSS, JavaScript, PHP,
- **Backend Framework :** CodeIgniter4, Django
- **Database Management:** MySQL
- **IDEs:** Visual Studio Code, R-sudio, PyCharm, Jupyter Notebook
- **Other Skills :** Internet of Things, Unity(for VR&AR), Blockchain(Bitcoin, Ethereum-Smart Contract using Solidity&Ganache)

SCHOLAR ACHIEVEMENTS

- 4th place in 5km marathon in Jalandhar, Punjab [2014]
- 1st place in story telling competition. [2015]
- 1st place in story telling competition. [2016]
- Got scholarship of ₹5000 for getting 10 CGPA in class 10th. [2016]
- 2nd place in Kho Kho at Spandan 2024 [2024]
- 3rd place in Basketball, Volleyball, and Kabaddi at Spandan 2024 [2024]
- Volunteered in the management of IEEE PuneCon International Conference held at DIAT, Pune. [2024]

ACADEMIC COURSES

- **Artificial Intelligence | Machine Learning | Deep Learning | Computer Vision | Natural Language Processing | Big Data | Software Engineering & System Modelling | IOT | Virtual Reality | Blockchain | Network & Cloud Security |** [M.Tech, DIAT, Pune]
- **C Programming | DSA | Engineering Mathematics | Digital Logic | Computer Organization and Architecture | Algorithms | Compiler Design | | Programming and Data Structures | Databases | Computer Networks | Discrete Mathematics | Operating System | Software Engineering | Networking Technologies | Artificial Intelligence | Computer Graphics | Cryptography | Cloud Computing | Digital Image Processing | Theory of Computation |** [B.Tech, KMCLU, Lucknow]

POSITIONS OF RESPONSIBILITY

- **Volunteered various social service activities | NSS [Oct 2023]**
  - Cleanliness work, Elderly work, meeting village school children.
- **Athletics Sports Coordinator | Spandan (Annual Sports & Cultural Events) [Feb 2024]**
  - Oversaw the organization and management of various track & field events such as 100m, 200m, 400m, 100x4 relay and 5 km marathon.
- **Management team | IEEE PuneCon 2024 International Conference [Feb 2024]**
  - Volunteered in the management of IEEE PuneCon International Conference held at DIAT, Pune.

HOBBIES

- Running
- Baketball
- Lawn Tennis
